EXHIBITION AND CONFERENCE 2024

SHAPING TOMORROW'S ENERGY LANDSCAPE: INTRODUCING DCARBONISE

Dcarbonise stands as Scotland's only event dedicated to connecting your technology and solutions to the UK's energy end users and leaders in sustainability.

Looking to lower their carbon impact and improve their sustainability credentials, high-profile visitors and exhibitors with decision-making power from all over the world will converge at the show to find the latest innovations in energy efficiency, low carbon heat, & low carbon transport.

Dcarbonise serves as the global hub where you can build your network, generate leads, boost brand awareness, and keep up with industry trends in heat, built environment, and transport decarbonisation. Co-located with **All-Energy** – Europe's leading renewables & low carbon energy event – Dcarbonise brings together a diverse audience, from private landlords and commercial businesses to trade bodies, governments, and property developers.

Whether you have a solution to reduce energy consumption in the industrial sector or a low-emission vehicle technology, **Dcarbonise** is the place for the industry to discover it.

In 2023, All-Energy and Dcarbonise at Glasgow's SEC marked a remarkable achievement by surpassing all previous records, drawing a total crowd of **9,706 attendees** – reflecting a notable **27% rise from 2022**.

This event alone featured **250 exhibitors** hailing from **15 countries**, with an impressive assembly of nearly **600 speakers** across an exceptional **11 conference streams** & **8 dynamic show floor theatres**.

All-Energy and Dcarbonise collectively offer a true, and free-to-attend, one-stop shop for all levels of learning about policy, strategy, new developments, and innovative solutions.

KEY FEATURES

EXHIBITION

The Dcarbonise show floor is your opportunity to join the international renewable and low carbon energy community's main marketplace. Be among the major brands and the top suppliers in our themed featured exhibition areas.

TARGETED AUDIENCE

Meet the right buyers as we attract high profile visitors, landlords, SMEs, consultants, and government and public sector officials looking for the latest innovations, advice, new suppliers, and networking.

CONFERENCE

Europe's largest free-to-attend conference for the industry, involving senior politicians, C-suite executives, engineers, and practitioners with practical experience from across the key industry pillars: heat, built environment, and transport decarbonisation.

UNINTERRUPTED NETWORKING

Benefit from two days of uninterrupted business, giving you direct access to key suppliers and contacts in the industry – investors and developers.

CO-LOCATED WITH

Dcarbonise is co-located with All-Energy, UK's largest low carbon energy and full supply chain renewables event.

KEY REASON TO EXHIBIT

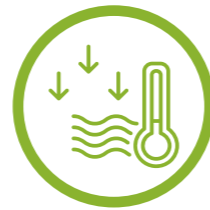

- **PROMOTE** your company and showcase your technology to end-users looking for your solutions
- **SHOWCASE** your expertise, solutions, and innovations to your target audience
- **GENERATE NEW LEADS** and develop new business relationships with key contacts in the community
- **BE SEEN** as a thought leader and place yourself at the forefront of the industry
- **DIFFERENTIATE** your brand from the competition with our free marketing and PR tools, as well as tailored sponsorship packages

EXHIBITOR CATEGORIES WILL INCLUDE

ENERGY EFFICIENCY

- Building management systems
- Energy efficiency technologies
- HVAC
- Insulation
- LED Lighting
- Monitoring systems
- Retrofit
- Smart meters
- Training & education

HEAT

- AD / Biogas
- Biomass boilers
- District Heating
- Energy from waste
- Heat exchangers
- Heat pumps
- Hydrogen
- MicroCHP
- Pipelines
- Waste heat

TRANSPORT

- Biofuels
- Charging infrastructure
- OEMs
- Refuelling infrastructure for hydrogen
- Smart tech/mobility
- Vehicles - EVs and hydrogen powered

WHO WILL YOU MEET

Dcarbonise 2024 will feature energy end-users from these key buyer groups:

- MANUFACTURERS AND SUPPLIERS
- CONSULTANTS
- LANDLORDS
- SMEs
- GOVERNMENT AND PUBLIC SECTOR

Solutions our visitors are looking for:

- ENERGY EFFICIENCY
- LOW CARBON HEAT
- LOW CARBON TRANSPORT

Low carbon energy professionals who attend the events are:

- CONSULTANTS
- PRIVATE COMMERCIAL BUSINESSES (SMES)
- ARCHITECTS AND DESIGNERS
- FACILITY MANAGERS
- GOVERNMENT AND PUBLIC SECTOR REPRESENTATIVES
- PRIVATE LANDLORDS & SOCIAL LANDLORDS (LOCAL AUTHORITIES)
- PROPERTY DEVELOPERS
- HOSPITALS AND UNIVERSITIES
- TRADE BODIES

EVENT FEATURES

Our exhibition and features are strategically designed to improve your experience at the show and provide more opportunities and tools to meet face-to-face with potential clients and partners.

MEET THE DEVELOPER

Buyers looking to expand their supply chain meet with suppliers in 1-2-1 meetings.

FUTURE TALENT HUB

Future Talent is hugely important to all of us as we strive towards meeting our Net Zero ambitions. As such, the event boasts a more youthful focus than ever before, with free-to-attend sessions for both employers and candidates.

INNOVATION ZONE

The zone to explore the key themes of innovation, investment, future talent, academic innovation, and research. An opportunity to learn what's new and upcoming in the industry.

RESEARCH HUB

Our Research Hub is home to academic posters and presentations from key organisations involved in renewable energy in Scotland, England, and Northern Ireland. The Research Hub features a presentation theatre with a rolling programme over two days

LOW CARBON TRANSPORT ZONE

It's your chance to see the latest models of EVs and hydrogen vehicles, eco-marathon cars, and charging infrastructure from a variety of manufacturers.

HYDROGEN HUB

The Hub featuring a Hydrogen and Energy Storage showfloor theatre and showcase area to demonstrate the very latest hydrogen technology on the show floor.

GIANT NETWORKING EVENING

The unmissable event for visitors and exhibitors to network, drink and chat in an informal atmosphere!

The Civic Reception, courtesy of The Rt Hon Lord Provost of Glasgow, and Giant Networking Evening take place at Glasgow Science Centre just a short stroll over the River Clyde from the SEC.

ALL-ENERGY AND DCARBONISE CONFERENCE

The renewables and low carbon energy community relishes attending All-Energy & Dcarbonise. In 2023, 9,706 participants attended the event to learn from our world-class conference sessions, show-floor theatre programmes, and academic poster presentations. Four Scottish Government Ministers spoke (including the First Minister, Rt Hon Humza Yousaf MSP), as did close to 600 other key stakeholders from industry, government, and academia.

All-Energy conference streams and sessions saw all forms of renewable energy covered, and with grid being central to the industry's aims and objectives, there was greater emphasis than ever on all grid-related aspects (including well-attended sessions on REMA, connections, new on- and offshore electricity infrastructure, electricity supply resilience), energy systems, hydrogen, energy storage, finance and funding, the cyber security community, local energy, and much more.

On the other hand, Dcarbonise sessions were aimed at the decarbonisation of the built environment, heat, transport, cities/places, industry, and the supply chain.

Keith Anderson
CEO, ScottishPower

Rt Hon Humza Yousaf MSP
First Minister of Scotland

Chris Stark
CEO, Climate Change Committee

Jonathan Cole
CEO, Corio Generation

Gillian Noble
UK Managing Director Offshore
Development and
Operation, ScottishPower

Benj Sykes
VP, Offshore. Head of
Environment, Consenting
& External Affairs, Ørsted

Gillian Martin MSP
Minister for Energy
The Scottish Government

Sarah Merrick
CEO & Founder
Ripple Energy

View our 2023 main conference and show floor theatre programme here: www.all-energy.co.uk/conference

IN 2023, THE CONFERENCE TOPICS INCLUDED*:

- Wind - offshore and onshore
- Transmission and networks
- Bioenergy (biomass, biogas, biofuel)
- Cyber security in the energy industry
- Marine renewables
- Energy from waste
- Finance and funding
- Hydrogen and fuel cells
- Hydropower
- Skills and training
- Supply chain decarbonisation
- Smart grid
- Power network
- Industry decarbonisation
- Energy systems
- Energy storage
- Solar (PV and thermal)
- Decarbonising the built environment (retrofit and new build)
- Decarbonising cities/places
- Decarbonising heat

BOOK YOUR SPACE TODAY

We offer you a unique and cost-effective stand design and build option without the hassle of expensive stand designers and builders only through SmartSpace – a fully designed and managed exhibition solution.

SPACE ONLY

Only the floor space is provided, giving you the flexibility to build your own stand. You are responsible for the design and construction of the stand using contractors of your own choice within the Rules and Regulations of the event.

SHELL SCHEME

A ready-made shop window to your brand. Includes (per each 9m² space, 2.5m high shell scheme walls, fascia name board, carpet. Plus table and chairs, spotlights and a power socket.

SMARTSPACE

All-inclusive option available to space only stands 12m² and above. SmartSpace is our tailored solution which ultimately manages the entire stand design and build process, saving you time and providing you with a space built to attend your business needs.

INCLUDED WITH YOUR STAND

CATALOGUE ENTRY	The printed catalogue is distributed to all attendees at the event and kept by many for year-round reference.
SOCIAL MEDIA EXPOSURE	We share much of our exhibitors news to our 22,000+ followers on Facebook, Twitter and LinkedIn. Make sure you follow us and keep us up to date (#Dcarbonise24).
WEBSITE LISTING	Allowing you to upload your company logo, product information/images and press releases.
EXHIBITOR HOTLINE	Our dedicated customer support team are available by phone or email to assist you before, during and after the event. +44 (0)20 8271 2179; www.all-energy.co.uk/help
EXHIBITOR RECOMMENDATIONS FOR VISITORS	Based on their areas of interest, visitors receive a series of emails with recommended exhibitors to visit. Simply select your product categories in the Exhibitor Portal to be included.
