Geothermal in Denmark

Thisted 1976
Heat output = 7MW

NORTH JUTLAND

VIBORG

RINGKOBING

AARHUS

VEJLE

RIBE

SOUTH JUTLAND

FUNEN

FREDERIKSBERG

WEST ZEALAND

ROSKILDE

STORSTROM

BALTIC SEA

BORNHOLM

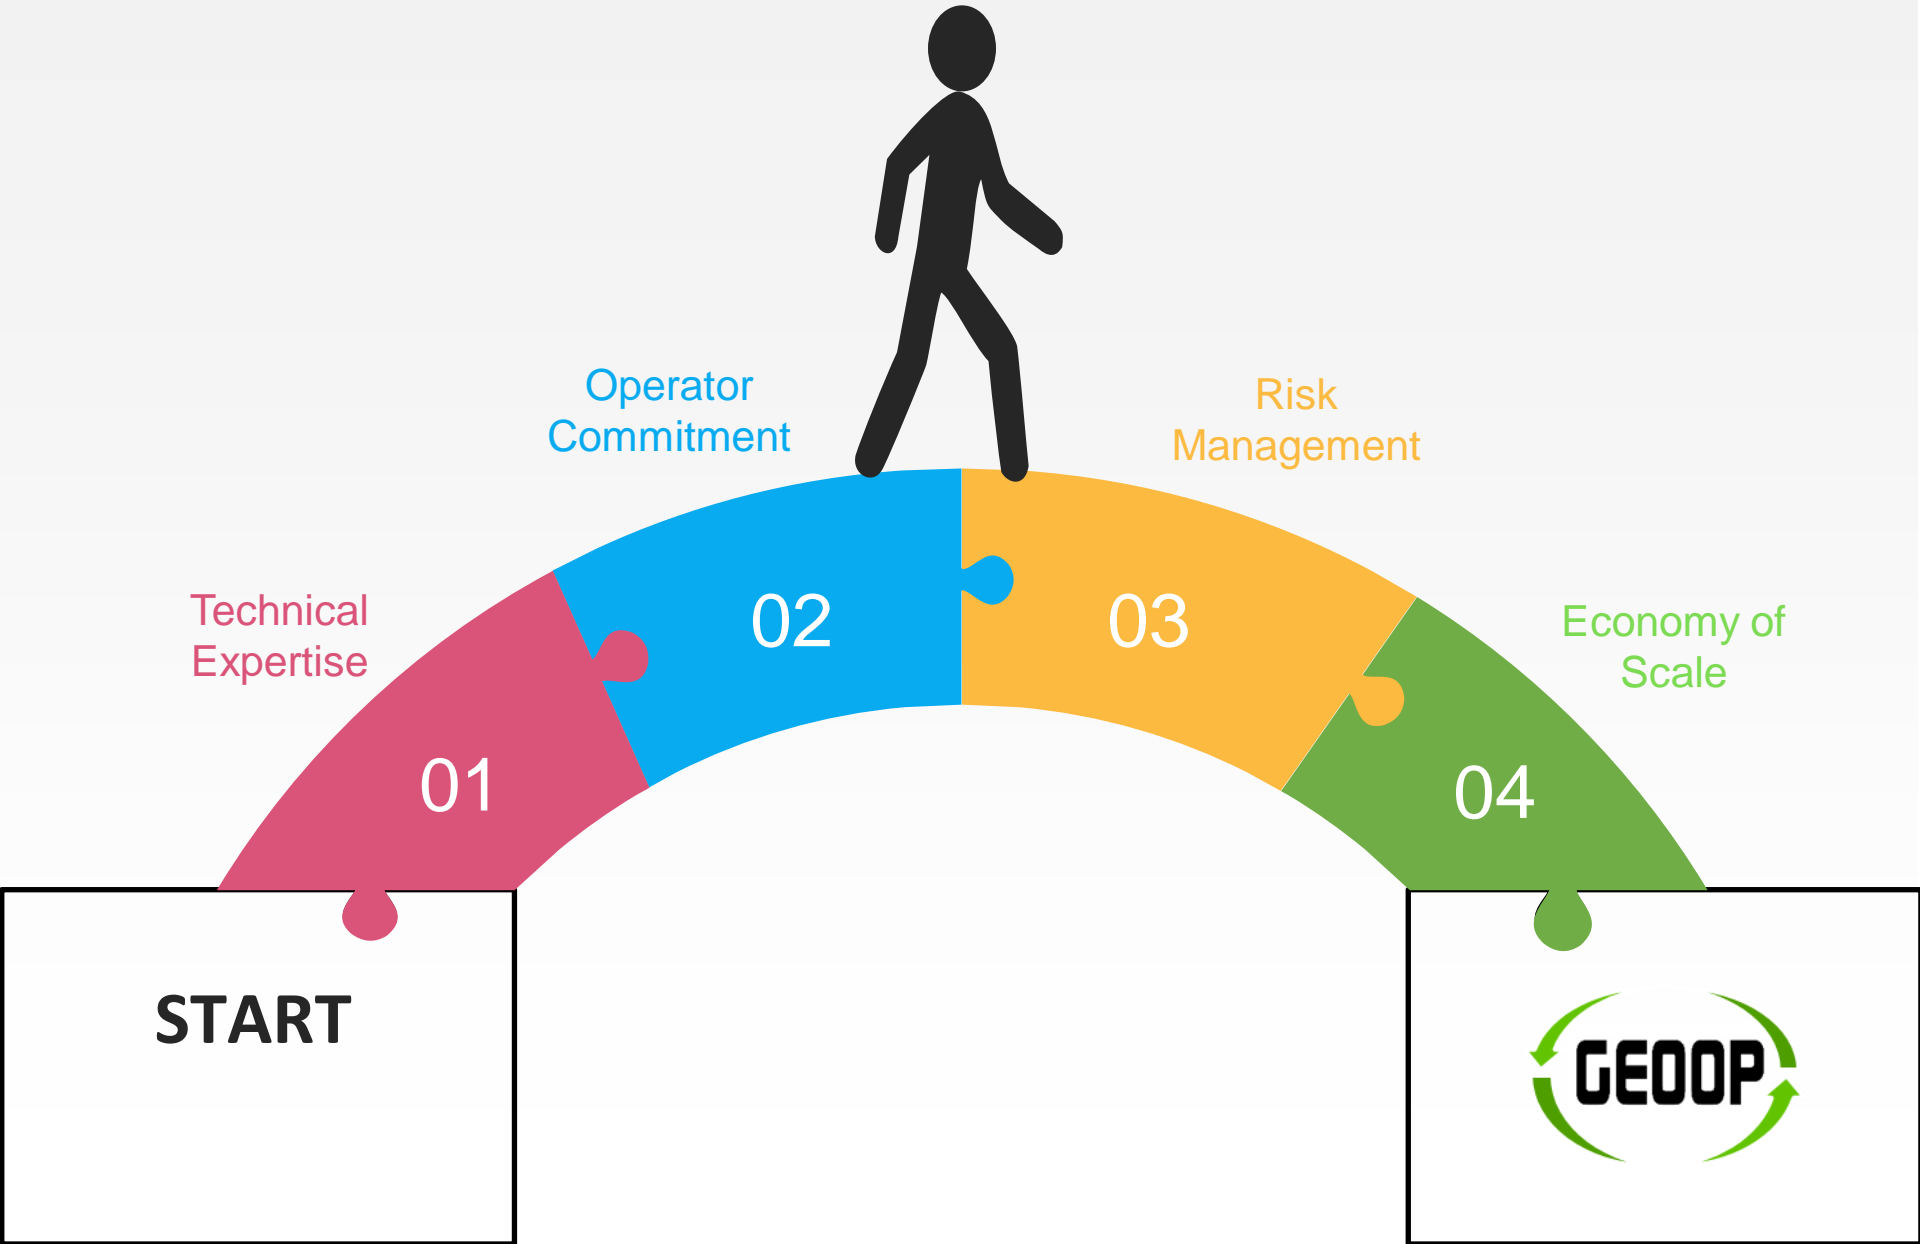

Magretheholm 2003
Heat output = 16MW

COPENHAGEN

Sønderborg 2012
Heat output = 12.5MW

The Journey to a Geothermal Operating Company

How it Works

GEOOP Established
FEB 2016

Structured like an oil & gas company BUT we are a GREEN energy company

District
Heating
Company

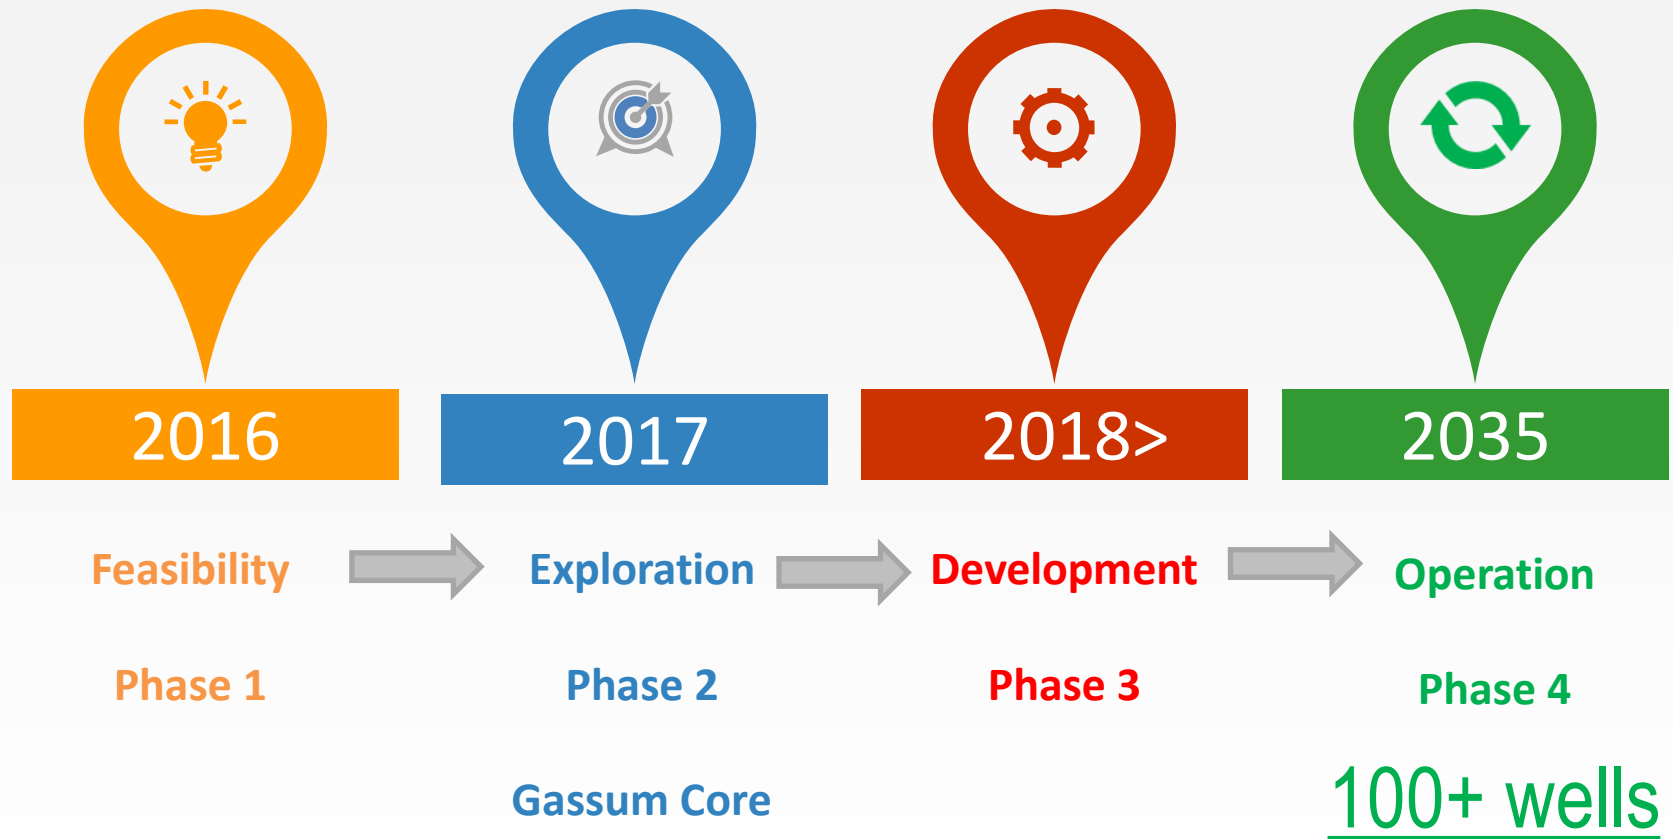

GEOOP

GEOOP shares the
license and becomes
“The Operator”

Money is NOT made on
delivering wells but on
delivering HEAT

What's Next?

IT'S JUST
THE
BEGINNING...

IT'S JUST
THE
BEGINNING...
