ENGINEERING A **NET ZERO FUTURE.** TOGETHER

Built by
RX In the business of
building businesses

Renewable Innovator, Record Setter, Industry Leader!

Join Us for the Silver Anniversary of All-Energy, 13-14 May 2026

Be part of a landmark moment in the journey to net zero as All-Energy returns for its **25th anniversary edition in 2026**. With momentum building year after year, this is your opportunity to showcase your technologies and solutions to a truly global audience shaping the future of renewable energy and decarbonisation.

In 2025, we broke all previous records – welcoming **13,033 industry professionals**, alongside **300+ exhibiting companies** and **600+ expert speakers**.

This **11% increase in attendance** underlines the critical importance of the event to the industry and the unparalleled opportunities it offers.

Whether you're looking to launch new products, generate leads, build partnerships, or influence policy discussions, our exhibition, conference programme, and show features are tailored to maximise your impact.

Celebrate 25 years of innovation, collaboration, and leadership in the energy transition.

Don't miss this milestone event – where the global energy future takes shape.

Key Features

Exhibition

All-Energy connects clean energy suppliers and technology innovators with developers, buyers, investors, and policymakers—bringing the full industry together in one place. In 2025, the event expanded into Hall 3 to accommodate continued growth and rising demand.

Targeted Audience

All-Energy brings together the entire energy supply chain - from developers and manufacturers to investors, policymakers, and community leaders - creating unmatched opportunities for collaboration and business growth. The show has grown by over 60% across the last three editions, with the 2025 event welcoming 13,033 attendees over two days, making it the essential meeting place for the clean energy transition.

Free Inspiring Content

Europe's largest free-to-attend conference for the industry, featuring senior politicians, C-suite executives, engineers and practitioners with real-world expertise. Across the Main Conference Programme and seven Show Floor Theatres, explore every corner of the energy transition - from renewables, hydrogen, and energy storage to innovation, future talent, and decarbonisation.

Networking

The event features immersive areas designed to inspire, educate, and connect professionals. The Future Talent Hub and the STEM Programme offer workshops and career development for emerging leaders, while the Innovation Hub showcases groundbreaking clean energy technologies. Dedicated Hydrogen, Wind, and Grid zones provide focused insights into these vital sectors. Exclusive networking opportunities enable attendees to build valuable connections with industry decision-makers.

Key Features

All-Energy is a platform that brings together clean energy suppliers and technology providers with energy sector developers, buyers, investors, and policymakers.

Two days of nonstop business are provided at All-Energy, also providing attendees with the opportunity to meet members of the renewable energy community, network with them, and build connections.

- **Promote** your company and products to the All-Energy community.
- **Showcase** your technology and expertise to your target audience.
- Develop new business **relationships** and generate new **leads**.
- Give your business a **competitive edge**.

What did our Exhibitors say about All-Energy?

We have had some really valuable conversations with new and potential clients in emerging energy markets. It makes it a really worthwhile event for meeting companies that want to buy our products. It's always a pleasure to come to All-Energy and make new relationships

*Colin Wright,
UK Wholesale Manager, Dron & Dickson*

There is a very wide and diverse range of companies present, covering many parts of the energy sector. It is a good size event with lots of opportunity to meet many people and companies.

*Business Development Manager,
Threepwood Consulting*

This is one of the most important, if not the most important, event of its type in the UK for renewable energy and the energy transition agenda. We're delighted to be here and are already looking forward to 2026

*David Rennie, Head of Energy Transition,
Scottish Enterprise*

I've been visiting All Energy for over 15 years, time after time it proves to be one of the best events in bringing together cross sector technologies. The future of our planet will depend on our ability to learn from different sectors and leverage learning from different renewables and technologies. Having a format such as All-Energy to collaborate and bring together best practices will enable the energy sector to innovate faster to bring diversity of thought to accelerate the energy transition.

*Mirelle Lord, Country Communications
Manager UK & IE, Hitachi Energy*

Book Your Space Today

We offer tailored exhibiting solutions from space only through to SmartSpace – a fully designed and managed exhibition solution.

Space Only

Only the floor space is provided, giving you the flexibility to build your own stand. You are responsible for the design and construction of the stand using contractors of your own choice within the Rules and Regulations of the event.

Shell Scheme

A ready-made shop window to your brand. Includes (per each 9m² space, 2.5m high shell scheme walls, fascia name board, carpet. Plus table and chairs, spotlights and a power socket.

Smartspace

All-inclusive option available to space only stands 12m² and above SmartSpace is our tailored solution which ultimately manages the entire stand design and build process, saving you time and providing you with a space built to attend your business needs.

Included in Your Stand	
Social Media Exposure	We share much of our exhibitors news to our 27,000+ followers on Facebook, Twitter and LinkedIn. Make sure you follow us and keep us up to date (#AllEnergy26).
Website Listing	Allowing you to upload your company logo, product information/images and press releases.
Exhibitor Hotline	Our dedicated customer support team are available by phone or email to assist you before, during and after the event. +44 (0)20 8271 2179; www.all-energy.co.uk/help
Exhibitor recommendation for Visitors	Based on their areas of interest, visitors receive a series of emails with recommended exhibitors to visit. Simply select your product categories in the Exhibitor Portal to be included!

What did our Visitors say about All-Energy?

“

I felt the combination of exhibitors and the speakers gave an interesting mix for those wanting to network and update the knowledge in the clean tech sector

“

All-Energy 2025 is a must-attend for anyone in the clean energy sector. It offers top-tier speakers, cutting-edge content, and unmatched networking across all key technologies. The scale, quality, and accessibility make it incredibly valuable for staying ahead in the transition to net zero. Highly recommended.

“

lively exhibition, excellent content in the conference programme, good networking opportunities

“

Biggest gathering of industry specialists with informative discussions and great opportunities to network

“

The one place in the year you get to meet the who's who of the renewables sector

“

I felt the combination of exhibitors and the speakers gave an interesting mix for those wanting to network and update the knowledge in the clean tech sector
