ABOUT THE EVENT

Find practical energy efficiency and low carbon heat solutions for your organisation at **Dcarbonise**, the UK's meeting point for the low carbon economy helping improve energy efficiency and decrease costs.

High profile visitors with decision-making power including energy end users will be looking for the latest innovations, suppliers, networking and information about the three core areas of the event: energy efficiency, low carbon heat and low carbon transport. International experts will share valuable insights and case studies on low carbon and energy efficiency solutions in transport, industry and built environment.

Co-located with **All-Energy** – Europe's leading renewables & low carbon energy event – **Dcarbonise** brings together a diverse audience, from private landlords and commercial businesses to trade bodies, governments and property developers.

Whether you have a solution to reduce energy consumption in the industrial sector or a low-emission vehicle technology, Dcarbonise is the place for the industry to discover it.

WHY SCOTLAND?

The Scottish Energy Strategy, launched on the 20th of September 2017, sets a 2030 energy mix target for the equivalent of 50% heat, transport and electricity to be supplied from renewable sources. This doubles the current renewable capacity installed, alongside a new energy productivity target.

The City of Glasgow leads the way from this perspective, aiming to become UK's first net-zero emissions city, well in advance of the 2045 objective set by the Scottish Government.

KEY FEATURES

EXHIBITION

Our event welcomes top suppliers of low carbon energy solutions in themed featured exhibition areas

TARGETED AUDIENCE

We attract high profile visitors, landlords, SMEs, consultants and government and public sector looking for the latest innovations, advice, new suppliers and networking.

CONFERENCE

Europe's largest free to attend conference for the industry, involving senior politicians, C-suite executives, engineers and practitioners with practical experience from across the industries.

NETWORKING

Two days of uninterrupted business with access to key suppliers and contacts in the industry - investors and developers

KEY REASONS TO EXHIBIT

PROMOTE your company and showcase your technology to end-users looking for your solutions

SHOW your expertise to your target audience

GENERATE NEW LEADS and develop new business relationships with key contacts in the community

Meet the market **FACE-TO-FACE**

DIFFERENTIATE your brand from the competition with our free marketing and PR tools, as well as tailored sponsorship packages

EXHIBITOR CATEGORIES WILL INCLUDE

ENERGY EFFICIENCY

- Building management systems
- Energy efficiency technologies
- HVAC
- Insulation
- LED Lighting
- Monitoring systems
- Retrofit
- Smart meters
- Training & education

HEAT

- AD / Biogas
- Biomass boilers
- District Heating
- Energy from waste
- Heat exchangers
- Heat pumps
- Hydrogen
- MicroCHP
- Pipelines
- Waste heat

TRANSPORT

- Biofuels
- Charging infrastructure
- OEMs
- Refuelling infrastructure for hydrogen
- Smart tech/mobility
- Vehicles - EVs and hydrogen powered

OUR VISITORS

SOLUTIONS OUR VISITORS ARE LOOKING FOR

ENERGY EFFICIENCY

EUROPE'S LARGEST FREE LOW CARBON CONFERENCE

The All-Energy and Dcarbonise conference is Europe's largest and most complete low carbon and renewables conference that is free-to-attend. The programme is curated to deliver cutting edge insights from the industry's most prolific thought leaders. The race for net zero emissions will run like a golden thread throughout the entire conference. and will be the highly effective post-COP26 legacy events, held, as usual, at the COP26 venue – SEC Glasgow.

IN 2022, THE CONFERENCE TOPICS INCLUDE*:

Carbon capture and storage	Wind - offshore and onshore
Circular economy in the built environment	Transition
Energy efficiency in the built environment	Disruptive technology, digitalisation and cybersecurity
Industry decarbonisation	Finance and funding
Low carbon heat	Hydrogen and fuel cells
Low carbon transport	Hydropower
Smart and sustainable cities	Decarbonising the supply chain
Community and local energy	Energy from waste
The Green Recovery	Green recovery

*View full list on our website: www.dcarbonise.com

KEY SPEAKERS FROM 2019 CONFERENCE:

PAUL WHEELHOUSE MSP, Minister for Energy, Connectivity and the Islands, Scottish Government

COUNCILLOR ANNA RICHARDSON, City Convener for Sustainability and carbon reduction, Glasgow City Council

KERSTI BERGE, Director of Energy and Climate Change, Scottish Government

GRAEME COOPER, Project Director – Electric Vehicles, National Grid

BARRY CARRUTHERS, Head of Innovation, Sustainability and Quality, ScottishPower

PAUL WEDGWOOD, Associate Director, The Carbon Trust

DR JAN WEBB, Professor of Sociology of Organisations, The University of Edinburgh

NICK GOSLING, Group Sales & Strategy Director, Vital Energy

PROFESSOR KAREN TURNER, Director, Centre for Energy Policy, University of Strathclyde

BOOK YOUR SPACE TODAY

We offer tailored exhibiting solutions from space only through to SmartSpace – a fully designed and managed exhibition solution.

SPACE ONLY

Only the floor space is provided, giving you the flexibility to build your own stand. You are responsible for the design and construction of the stand using contractors of your own choice within the Rules and Regulations of the event.

SHELL SCHEME

A ready-made shop window to your brand. Includes (per each 9m²) space, 2.5m high shell scheme walls, fascia name board, carpet. Plus table and chairs, spotlights and a power socket.

INCLUDED WITH YOUR STAND:

CATALOGUE ENTRY – The printed catalogue is distributed to all attendees at the event and kept by many for year-round reference.

SOCIAL MEDIA EXPOSURE – we share much of our exhibitors news to our 16,900+ followers on Facebook, Twitter and LinkedIn. Make sure you follow us and keep us up to date (#AE22).

WEBSITE LISTING – allowing you to upload your company logo, product information/images and press releases.

EMPERIA – a bespoke app to capture leads from the conversations you have with the simple scan of a badge.

EXHIBITOR HOTLINE – Our dedicated customer support team are available by phone or email to assist you before, during and after the event. +44 (0)20 8271 2179; www.all-energy.co.uk/help

EXHIBITOR RECOMMENDATIONS FOR VISITORS – Based on their areas of interest, visitors receive a series of emails with recommended exhibitors to visit. Simply select your product categories in the Exhibitor Portal to be included!
