

THRIVE
RENEWABLES

Supporting ambitious communities with shared ownership

Chris Grainger
Development Manager

Who we are

Vision:

We believe in a clean, smart energy system that is powered by the investment of many.

Mission:

To power the transition to a sustainable energy future by helping people meaningfully connect with clean energy projects.

What is Shared Ownership?

A project which is legally owned by more than one organisation, each who benefit from a return on their share and have some governance role.

Shared Ownership - For community groups

Experience / rigor

Speed

Working capital

**Greater / shared
exposure**

Shared Ownership - For developers

Local support

**Shared
infrastructure**

Collaboration

Consents

Bridging the gap

Community

Co-investor

Developer

Feeder Road 20MW Battery Storage with Bristol Energy Co operative (BEC)
