ABOUT THE EVENT

Find practical energy efficiency and low carbon heat solutions for your organisation at **Dcarbonise**, the UK's meeting point for the low carbon economy helping improve energy efficiency and decrease costs.

High profile visitors with decision-making power including energy end users will be looking for the latest innovations, suppliers, networking and information about the three core areas of the event: energy efficiency, low carbon heat and low carbon transport. International experts will share valuable insights and case studies on low carbon and energy efficiency solutions in transport, industry and built environment.

Co-located with **All-Energy** – Europe's leading renewables & low carbon energy event – **Dcarbonise** brings together a diverse audience, from private landlords and commercial businesses to trade bodies, governments and property developers.

Whether you have a solution to reduce energy consumption in the industrial sector or a low-emission vehicle technology, Dcarbonise is the place for the industry to discover it.

WHY SCOTLAND?

The Scottish Energy Strategy, launched on the 20th of September 2017, sets a 2030 energy mix target for the equivalent of 50% heat, transport and electricity to be supplied from renewable sources. This doubles the current renewable capacity installed, alongside a new energy productivity target.

The City of Glasgow leads the way from this prospective, aiming to become UK's first net-zero emissions city, well in advance of the 2045 objective set by the Scottish Government.

KEY REASONS TO EXHIBIT

PROMOTE your company and showcase your technology to end-users looking for your solutions

SHOW your expertise to your target audience

GENERATE NEW LEADS and develop new business relationships with key contacts in the community

Meet the market **FACE-TO-FACE**

DIFFERENTIATE your brand from the competition with our free marketing and PR tools, as well as tailored sponsorship packages

EXHIBITOR CATEGORIES WILL INCLUDE

ENERGY EFFICIENCY

- Building management systems
- Energy efficiency technologies
- HVAC
- Insulation
- LED Lighting
- Monitoring systems
- Retrofit
- Smart meters
- Training & education

HEAT

- AD / Biogas
- Biomass boilers
- District Heating
- Energy from waste
- Heat exchangers
- Heat pumps
- Hydrogen
- MicroCHP
- Pipelines
- Waste heat

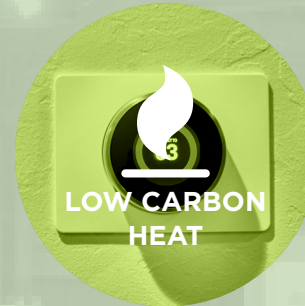

TRANSPORT

- Biofuels
- Charging infrastructure
- OEMs
- Refuelling infrastructure for hydrogen
- Smart tech/mobility
- Vehicles - EVs and hydrogen powered

OUR VISITORS

SOLUTIONS OUR VISITORS ARE LOOKING FOR

DCARBONISE 2021 WILL FEATURE ENERGY END-USERS FROM THESE KEY BUYER GROUPS

LOW CARBON ENERGY PROFESSIONALS WHO ATTEND THE

2021 CONFIRMED EXHIBITORS & SPONSORS INCLUDE:

EVENT FEATURES

Our exhibition and premium features are designed to improve our visitors' experience and give you even more chances and tools to meet face-to-face with potential clients and partners.

Besides the exhibition, Dcarbonise & All-Energy hosts features areas that will provide exhibitors and visitors for opportunities to meet the right people.

An opportunity to meet the buyers in the low carbon energy sector. Your organisation can benefit from a series of 1-2-1 meetings with buyers, developers and procurement specialists looking for new suppliers and contacts to help with their projects.

Exclusive area where you can have private meetings with developers.
Requires an invitation

Platform for a Clean Growth Innovation showcase

Your chance to see the latest models of EVs and hydrogen vehicles, eco marathon cars and test electric and hydrogen bicycles. Sponsored by Shell

EUROPE'S LARGEST FREE LOW CARBON CONFERENCE

The All-Energy and Dcarbonise conference is Europe's largest and most complete low carbon and renewables conference that is free-to-attend. The programme is curated to deliver cutting edge insights from the industry's most prolific thought leaders. The race for net zero emissions will run like a golden thread throughout the entire conference.

IN 2021, THE CONFERENCE TOPICS INCLUDE*:	
Carbon capture and storage	Wind - offshore and onshore
Circular economy in the built environment	Carbon capture and storage
Energy efficiency in the built environment	Disruptive technology, digitalisation and cybersecurity
Industry decarbonisation	Finance and funding
Low carbon heat	Hydrogen and fuel cells
Low carbon transport	Hydropower
Smart and sustainable cities	Island energy
Community and local energy	Energy from waste
Bioenergy	Marine renewables

*View full list on our website: www.dcarbonise.com.

KEY SPEAKERS FROM 2019 CONFERENCE:

PAUL WHEELHOUSE MSP, Minister for Energy, Connectivity and the Islands, Scottish Government
COUNCILLOR ANNA RICHARDSON, City Convener for Sustainability and carbon reduction, Glasgow City Council
KERSTI BERGE, Director of Energy and Climate Change, Scottish Government
GRAEME COOPER, Project Director - Electric Vehicles, National Grid
BARRY CARRUTHERS, Head of Innovation, Sustainability and Quality, ScottishPower
PAUL WEDGWOOD, Associate Director, The Carbon Trust
DR JAN WEBB, Professor of Sociology of Organisations, The University of Edinburgh
NICK GOSLING, Group Sales & Strategy Director, Vital Energy
PROFESSOR KAREN TURNER, Director, Centre for Energy Policy, University of Strathclyde

BOOK YOUR SPACE TODAY

We offer tailored exhibiting solutions from space only through to SmartSpace – a fully designed and managed exhibition solution.

SPACE ONLY

Only the floor space is provided, giving you the flexibility to build your own stand. You are responsible for the design and construction of the stand using contractors of your own choice within the Rules and Regulations of the event.

SHELL SCHEME

A ready-made shop window to your brand. Includes (per each 9m²) space, 2.5m high shell scheme walls, fascia name board, carpet. Plus table and chairs, spotlights and a power socket.

INCLUDED WITH YOUR STAND:

CATALOGUE ENTRY – The printed catalogue is distributed to all attendees at the event and kept by many for year-round reference.

SOCIAL MEDIA EXPOSURE – we share much of our exhibitors news to our 16,900+ followers on Facebook, Twitter and LinkedIn. Make sure you follow us and keep us up to date (#AllEnergy21).

WEBSITE LISTING – allowing you to upload your company logo, product information/images and press releases.

EMPERIA – a bespoke app to capture leads from the conversations you have with the simple scan of a badge.

EXHIBITOR HOTLINE – Our dedicated customer support team are available by phone or email to assist you before, during and after the event. +44 (0)20 8271 2179; www.all-energy.co.uk/help

EXHIBITOR RECOMMENDATIONS FOR

VISITORS – Based on their areas of interest, visitors receive a series of emails with recommended exhibitors to visit. Simply select your product categories in the Exhibitor Portal to be included!
